

Dear Silver Lake Supporters:

April 25, 2022

The Sparkle is back -- Ice Out was April 4, 2022, so the lake is shimmering and blue and inviting us to embrace it once again. And we can show our commitment to maintaining that sparkle by renewing our membership and support.

MEMBERSHIP MATTERS! Your renewal does lots of things. First, it documents your support of protecting and preserving Silver Lake. Secondly, it adds your voice to the 340 of us who are committed to keeping our lake clean and healthy. And thirdly, while generous donations make up the largest portion of our income, your dues represent a healthy and important 20%.

LAKE NEWS:

- * The Town of Madison hopes water levels will permit the installation of the new boat ramp this Spring - all materials are ready to go. Don't forget to stop by Town Hall to get your free boat launch sticker.
- * A new Lake Host Coordinator, Meghan Henderson has joined our SLAM team to hire, schedule and train those who will be inspecting and powerwashing boats and trailers this year. Please welcome her to this important work.
- * A new PAYPAL system is in place on our website (www.silverlakemadison.com) should you choose to pay your dues or make a contribution in that manner.
- * For those interested in helping with State legislative matters, watch for an E-Blast providing you a sign-up option via our website.
- * And lastly, SLAM just received a \$2,300 grant from NH LAKES to help pay for our Lake Host Program in 2022. Thank you NH Lakes Association.

An envelope is enclosed for your convenience should you choose to renew your membership that way or you can do it on-line. Either way, we welcome your renewal and we hope that your lake season renewal is full of memories, reconnections and enjoyment. Thanks for joining us.

Your SLAM Directors
